## KIND WORDS

"Thank you so much to Simone for her support in helping us through our journey in planning to move to Bali. Her kindness, knowledge of the country, contacts and tips & tricks is a true time saving! Information that would have taken us months to figure out. What is also very much appreciated as well is that the information provided is updated and shared (cost of living, contacts...) which is key! (even more when the move is delayed)  
I highly recommend her consulting services!"

**Kate, France**

"Simone was so lovely to talk to you and provided me with so much valuable information. It was great to talk through a realistic budget and there was so much I hadn't thought of. She has given me some great areas and ideas to further explore in my research. Anyone making a move or just thinking of moving to Bali should use her service.  
Thank you for all your advice Simone!"

**Sharon, Australia**

"We were considering a move to either Malaysia, Thailand or Bali and by using Simone's service it has given us the perfect information to make the decision so much easier. So grateful your service exists!  
Thanks so much for all the help you have given us."

**Damia, USA**

"As I was researching relocating to Bali with my partner and young son, I came across Simone's Instagram. I had a look on her website and thought this was just the lady that could help us with the move, making it an easier process. Simone gave us a whole bunch of extremely useful guides plus contacts that would help with a lot of logistical things, which in the long term will save us so much time. I had an incredible call with Simone, it was great to talk to someone that has already gone through the experience with a family. I was able to ask as many questions as I needed and after I felt so much more confident about the move. If you are planning a move to Bali, there's nothing better than speaking to someone that knows exactly what it's like. Grateful for Simone's help and would highly recommend."

**Anna, Holland**

"Even though we are planning for a Bali '23 gap year, Simone's service has been so incredible helpful in our research and planning. From her advice on schools, villas and locations, to budgeting what things cost and everyday expenses. I am so grateful to have found her so we can be really prepared before our big move."

**Rikke, Norway**

"Simone is our Bali relocation fairy godmother. Her knowledge about all things related to moving to Bali is encyclopaedic and her social networks are phenomenal. Whatever she didn't know personally, she introduced us to someone who did. She helped us with big things like choosing a school, talking to school principals, finding a home, and smaller things like phone networks. I keep wondering how I can find a Simone for the other parts of my life!"
